

5 ETIQUETTE QUESTIONS ANSWERED ABOUT

THE JEEP WAVE

Every time I wave at someone in a Jeep my wife asks me why I do it, when sometimes nobody waves back, And I say...

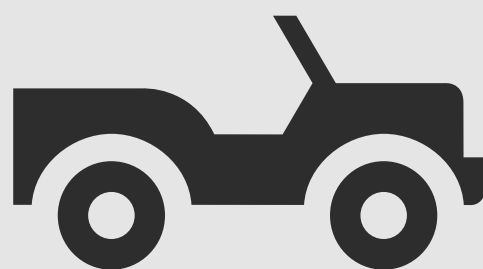

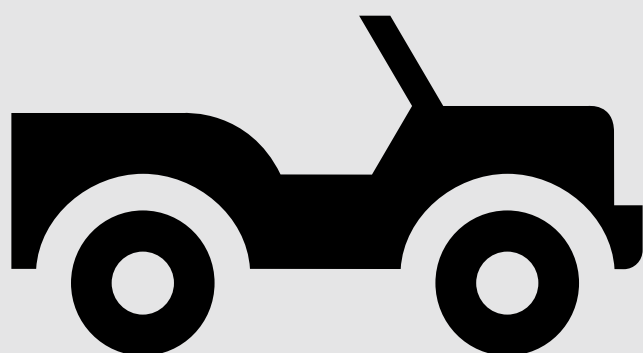

1 WAVE ALWAYS

Always wave to a Jeep of your same model. Wranglers to Wranglers, Cherokees to Cherokees, and so on. Except for those in Number 4.

2 IT DOESN'T MATTER HOW YOU WAVE JUST DO IT

Personally I like to use the peace sign slowly raised from my steering wheel. But the loser sign can work to.

3 WHO WAVES FIRST

This used to matter but it is more important that you wave. But the proper etiquette is that the Jeep that is lesser built waves first.

4 WHAT ABOUT POSERS

You don't have to wave to posers like grocery getters, soccer moms, poser Jeeps like the Compass model, and Zombies.
